

10 Things You May Not Know About San Diego's Building Industry

**WE DON'T JUST BUILD
WE BUILD COMMUNITY**

We supported Prop 46, a \$2.1 billion housing bond for low-and moderate-income families.

We backed ballot measures totaling \$14 billion toward schools and community colleges.

We supported measures to help parks, clean water, clean air and coastal protection, as well as new libraries and upgrading classrooms, and safe drinking water and watershed protection.

Our charitable entity has given \$1.5 million to a wide range of local charitable groups/programs.

We employ more than 160,000 residents.

Development fees have generated more revenue than the county receives back from local sales taxes.

Last year alone, local residential construction generated \$2.5 Billion for the San Diego economy.

We have organized tens of thousands of building industry employees and concerned residents at the grassroots level to support housing and commercial development.

Our industry experts are an excellent resource for planning and infrastructure.

BIA San Diego is the largest single BIA chapter in the state, and has the largest business PAC in the region.
