

# BIA WEBINAR

## INDUSTRY ECONOMIC UPDATE

Join us online for a mid-year economic forecast from industry expert, Alan Nevin from Xpera Group, as we take a look into what is ahead for the remainder of 2022 and moving into the next year. We will hear predictions on what will change with the new home and rental market in Southern California, focusing on San Diego specifically. Our panelists will share insight into the labor market and how the shortage is affecting their current projects, how they see the global supply chain disruption playing out for future projects, and how rising interest rates are impacting business. Hear first hand what trends are being seen for the demand for housing and what upcoming legislative issues may impact the ability to build locally.

**JUNE 28TH, 2022**

11:30 AM - 1:00 PM
